BODYBUILDING

Article 1 - Introduction

1.1 General:

The IFBB Rules for Bodybuilding consist of regulations, policies, directives and decisions intended to guide the IFBB and its Members in the administration of the sport of Bodybuilding.

1.2 Authority:

The Executive Council has authority to prescribe and amend the Rules. Between annual meetings of the Executive Council and Congress, this authority is vested in the the four senior officers; namely, the President, Executive Assistant to the President, Executive Director and General Secretary. Any decision made by the Executive Council, or by the aforementioned senior officers, relating to the day-to-day management and operation of the IFBB, has force and effect only until the next annual general meetings of the Executive Council and Congress, at which time the decision will either be ratified or rejected.

1.3 Agreement:

Affiliated National, Regional and Continental Federations, their athletes, officials and others, join the IFBB of their own free will and, in so doing, agree to abide by the Constitution and Rules. In becoming a Member of the IFBB, Affiliated Federations and other Members accept that the Constitution and Rules exist for the good of the sport of Bodybuilding. Should the Constitution and Rules be contravened by any Member, the IFBB has authority to impose disciplinary measures against that Member.

1.4 Definitions:

The same definitions that are found in the Constitution also apply to the Rules. The Code of Ethics, which forms an integral part of the Constitution, also forms an integral part of the Rules and is attached as Appendix 1.

1.5 Interpretation:

It is recognized that the Rules cannot encompass every possible situation wherein written guidance might be sought in the resolution of an issue. In such cases, the President has sole authority to interpret any matter arising out of the Rules, or any matter not encompassed by the Rules, said interpretation to be final and binding.

1.6 Intent:

It is not intended that the Rules be considered as "cast in stone" but instead, as guidelines. Each and every issue arising out of the Rules must be judged on its own merits with the primary consideration given to that which is in the best interests of the sport of Bodybuilding.

Article 2 - Sanctioning of International Competitions

2.1 Requirement for Sanction:

An International Competition is any competition involving two or more National Federations. In order to host such a competition, an Organizer must first obtain an official sanction from the IFBB. To obtain an official sanction, the Organizer must file a Request for Official Sanction with the IFBB. The request must include all of the pertinent information about the proposed competition. Official sanctions may only be issued to National Federations; not to private individuals.

2.2 Contract:

Once the Request for Official Sanction is approved by the IFBB, a Contract will be forwarded to the Organizer. The Contract will outline the terms and conditions of the official sanction as well as the responsibilities of the Organizer towards the successful hosting of the competition. The Organizer will not advertise or promote the competition until the Contract is completed and signed by all relevant parties.

2.3 Sanction Fee:

The Organizer will pay a sanction fee to the IFBB for the right to host the competition. The amount of the fee will be set by the IFBB. All International Competitions are the exclusive property of the IFBB. The granting of an official sanction and the payment of a sanction fee does not transfer ownership of this property to the Organizer.

2.4 Payment of Sanction Fee:

The sanction fee will be paid according to a fixed schedule that is agreed upon by the IFBB and Organizer. Once the Contract is signed by all parties and the sanction fee, in whole or in part, is received by the IFBB, the fee will not be returned to the Organizer should the Contract, for whatever reason, be subsequently cancelled.

2.5 Failure to Abide:

Once the Contract has been signed by all parties, should the Organizer, for whatever reason, subsequently fail to abide by the Constitution and Rules, or the terms and conditions of the Contract, or the directives of the President, the President may withdraw the sanction and undertake whatever measures are deemed necessary, disciplinary or otherwise, in order to protect the interests of the IFBB.

2.6 Delegation of Authority:

The President may, at his discretion, delegate to a member of the Executive Council, normally the Executive Assistant to the President or the Executive Director, or the area Vice President, the authority to represent the interests of the IFBB in granting an

official sanction and signing a Contract for an International Competition.

Article 3 - Liability of the IFBB

3.1 General:

The organization of an International Competition will be undertaken at the sole financial risk of the Organizer. The Organizer must agree in writing to accept this condition, as well as any other terms and conditions that may be detailed within the Contract.

3.2 Liability Regarding Failure to Abide:

The IFBB will not be held liable for any financial or other loss, including any harm to the reputation of the Organizer or any associated parties, should the Organizer be disciplined for failing to abide by the Constitution and Rules, or the terms and conditions of the Contract, or the directives of the President.

3.3 Liability Insurance:

Members of the IFBB, be they Affiliated Federations, athletes, officials and others, participate at International Competitions by their own free will and, in so doing, agree that the IFBB will not be held liable for any accident or incident arising out of the organization or hosting of the competition. The Organizer of an International Competition must agree in writing to make the necessary arrangements, either with the competition venue site or insurance agency, for their own liability insurance coverage.

3.4 Medical Personnel:

The Organizer of an International Competition will ensure that accredited medical personnel are on duty and that emergency transportation is made available at the competition venue site throughout the duration of the Prejudging and Finals, at no cost to the IFBB.

Article 4 - Sponsorship

4.1 Sponsorship:

The Organizer of an International Competition may solicit the sponsorship of government and commercial companies; however, the sponsorship must be pre-approved by the IFBB.

4.2 Exceptions:

The use of tobacco and alcohol companies for sponsorship of International Competitions is strictly prohibited.

Article 5 – Advertising and Publicity

5.1 Advertising:

The organizer of an International Competition may advertise at the competition by way of signage and/or banners so long as said

advertising is not placed at the back centre of the stage and in such a manner as to obstruct the view of the judging panel. Signs and/or banners may be hung from the top front of the stage, on either or both sides of the stage, along the front of the posing plinth, and/or along the front edge of the stage. Signs and/or banners must not be placed in such a position as to be within camera-view when photographing the top 6 finalists.

5.2 Publicity:

The Organizer will be responsible for ensuring that the competition receives maximum publicity, before, during and after the competition. The Organizer should retain the services of a Public Relations consultant to ensure maximum media coverage through newspapers, radio and television. Immediately prior to the Prejudging, the Organizer should arrange a press conference at which the Organizer and the IFBB Chief Official may inform the public about the competition and the sport of Bodybuilding.

Article 6 - Television and Video

6.1 Exclusive Rights:

The IFBB has the exclusive right to negotiate any and all contracts for television and/or video rights to an International Competition. Should television and/or video rights become an issue in the hosting of the competition, the Organizer is obligated to immediately advise the IFBB of this fact and will refrain from entering into any unilateral negotiations with any television and/or video agency without the expressed prior approval of the IFBB. The IFBB has "first rights" to any videotape of the event and, upon demand, the Organizer will immediately forward to the IFBB a first copy of the videotape for use as the IFBB deems appropriate.

6.2 Liability:

Should the negotiations between the IFBB and the organization offering the television and/or video contract fail to produce any fees, the IFBB will not be held liable for any resultant financial or other loss to the Organizer, or any associated parties.

6.3 Breakdown of Fees:

The IFBB will receive any and all fees for television and/or video and will normally apportion said fees as follows:

1. 30% to the Organizer; and
2. 70% to the IFBB.

Article 7 - Press Accreditation

7.1 Rights:

The IFBB reserves the right to control any and all press accreditation, whether said accreditation be television, radio, website, print, photographic, or other media, at International Competitions.

7.2 Press Passes:

The IFBB, and/or its appointee, is responsible for issuing press passes to selected media personnel. During the Prejudging and Finals, only those individuals in possession of valid press passes are permitted access to those seating areas that are designated for the press. The IFBB Chief Official may dismiss any individual from the press area for just cause.

7.3 Event Coverage:

The possession of a press pass does not entitle the bearer to cover every International Competition from the press area. Permission to cover a competition must be obtained on a competition-by-competition basis with accreditation normally being granted on a first-come, first-serve basis.

Article 8 - Qualifications for Participation in International Competitions

8.1 Eligibility:

Only National Federations duly affiliated to the IFBB are permitted participation at International Competitions. Any country which is not affiliated to the IFBB, or any country which is affiliated but under suspension or disqualification, or any athlete who is under suspension by either the IFBB or a National Federation, is not permitted to participate at any International Competition worldwide.

8.2 Citizenship:

In order to qualify for participation in an International Competition, an athlete must either be a citizen, or have landed immigrant or legal resident status, in the country that the athlete intends to represent. If requested by the IFBB Chief Official, the athlete must produce a valid passport, or landed immigrant or legal resident papers, or other documented proof of citizenship status from the country of domicile.

8.3 Dual Citizenship:

An athlete, once having been declared a citizen, or landed immigrant or legal resident, of one country may not compete for another country without written permission from the National Federation of their current country of domicile. No athlete is allowed to compete for two different countries in any given year.

8.4 Invitations to Compete:

Organizers have authority to forward letters of invitation and entry forms to National Federations only. Organizers will not directly invite individual athletes from another country, or countries, to participate in an International Competition.

8.5 Athlete Responsibilities:

An athlete may not participate at an International Competition without the prior approval of his or her National Federation. Athletes are prohibited from directly contacting the Organizer for the purpose of obtaining participant status.

Article 9 – World Championships

9.1 Guarantee:

Organizers of International Competitions must guarantee unconditional entry to all countries eligible to participate and to all athletes eligible to compete.

9.2 Intent to Participate:

National Federations must forward their intent to participate at International Competitions immediately upon receipt of the letter of invitation and/or Preliminary Entry Form so as to allow the Organizer the opportunity to properly plan and budget for transportation, accommodations, meals, and other expenses. The intent to participate, if possible, should contain the names of the participating athletes and delegates; however, if the National Federation does not have the actual names of the athletes and delegates at the time of receipt of the letter of invitation and/or Preliminary Entry Form, they must forward, preferably by fax and directly to the Organizer, the actual number of athletes and delegates no later than sixty days before the date fixed for the Prejudging, failing which the National Federation may be required to cover the full costs associated with their participation at the competition. The Final Entry Form must be forwarded to the Organizer no later than the second Monday preceding the date fixed for the Prejudging and must contain full details of each participant. The exact date for the return of the Preliminary and Final Entry forms will be written on the form. The Final Entry Form will contain the Passport Number and Name, in English and as written on the Passport, of all participating athletes, delegates and judges. National Federations that fail to meet the deadline date for the Final Entry form may be deemed ineligible for participation in the competition.

9.3 Responsibilities to the Executive Council:

The Organizer of World, Continental or other International Competitions who requires the presence of a Member or Members of the Executive Council, must undertake to cover the cost of business-class travel as well as accommodations and meal expenses for this individual, or individuals, for the duration of the event. The Organizer of the Men's World Bodybuilding Championships and International Congress will undertake to cover the cost of single-room accommodations and meals (breakfast, lunch and dinner) for the Members of the Executive Council and their spouses (where applicable) for the duration of the event

10.1 Official Athlete Registration: Weigh-in and/or Height Measurement:

The Official Athlete Registration (weigh-in and/or height measurement) at all International Competitions will be controlled by the IFBB Chief Judge and will normally proceed as follows:

1. All competitors, regardless of their category, are required to present themselves at the Official Athlete Registration which will usually take place on the day prior to the Prejudging. Any competitor who fails to attend the Official

Athlete Registration at the designated time may be eliminated from the competition.

2. Each team represented at the competition, regardless of its numbers, will be accompanied to the Official Athlete Registration by its chief delegate, or other appointed representative.
3. All competitors will present themselves in the same posing attire that they will be wearing throughout the Prejudging and Finals so that the IFBB Chief Judge may ascertain that said posing attire meets the accepted standards of the IFBB.
4. The Organizer will provide a suitable room for the Official Athlete Registration in which there will be a certified weighing machine, calibrated in kilogrammes, as well as one back-up weighing machine, which should be made available to the competitors prior to the Official Athlete Registration so that they may check their weight; a table and chairs for the Judges Secretary and assistants, and a suitable number of chairs for the competitors and delegates. A measuring device will also be made available to record the height.

will verify the bodyweight and/or height of each competitor, beginning with the lowest bodyweight /height category and proceeding to the highest.

26. All competitors must produce a valid passport, failing which the competitor will not be registered.

Article 13 - Judges

13.1 General:

All judges wishing to judge at International Competitions must be members of an affiliated National Federation and must first be qualified to judge at the national level prior to test judging or judging at the international level.

13.5 International Judging Cards:

Upon successfully test judging the required number of categories, with each category having a minimum of six competitors, and upon payment of a one-time judge's fee, said fee which will be in an amount as determined from time to time by the IFBB Judges Committee, the individual will be issued an IFBB international judging card and official IFBB judge's badge.

13.6 Judging at International Competitions:

Every individual wishing to judge at an International Competition must first be in possession of a valid IFBB international judge's card. This card must be surrendered to the IFBB Judges Committee at the technical meeting which will be held before the Official Athlete Registration and prior to the Prejudging. The IFBB Judges Committee will select those individuals whom they consider to be the most qualified to serve on the judging panels. The cards will be returned at the completion of the Finals. Once selected for a panel, a judge must be present on the panel throughout the entire Prejudging and Finals.

13.7 Nomination Deadline:

A National Federation must provide on the Final Entry Form the names of all individuals who it nominates to judge at the competition, failing which the individual will not be allowed to judge.

13.8 Makeup of the Regular Judging Panel:

Nine judges are normally appointed by the IFBB Judges Committee to serve on a regular judging panel. Every attempt is made to ensure that all qualified judges who are present at the technical meeting are given the opportunity to serve on a panel and that all countries are equally and fairly represented with no country having two or more judges on the same panel. Where it is not possible to appoint nine judges, seven are appointed. At no time will the number of judges on a panel be fewer than five. The IFBB Chief Judge is the final authority on the makeup of the judging panels.

13.9 Alternate Judges:

The IFBB Chief Judge may, at his discretion, allow a number of alternate judges, not to exceed four, to sit on the panel.

13.10 Accuracy in Judging:

The following rules pertain to judging accuracy:

1. The Code of Ethics obligate our sport's officials to ensure that all athletes are adjudicated by the most qualified judges available. The IFBB Judges Committee is empowered to take whatever measures it deems necessary to ensure that this obligation is met by selecting and panelling only those judges who meet or exceed the minimum accepted standard of judging accuracy approved by the IFBB.
2. The minimum acceptable standard is an overall average score of 65% (70% at Prejudging; 60% at Finals).
3. Judging accuracy is calculated using the "Deviation Method". This method calculates the "deviation" between an individual judge's placement of an athlete and the entire regular judge's panel placement of that same athlete.

Article 14 - Judging Attire/Judging Panel

14.1 Judging Attire:

Judges shall be attired as follows:

1. The official IFBB uniform for male judges at all International Competitions consists of a blue blazer with the official IFBB crest on the left breast pocket, pale blue or white shirt with the official IFBB tie, grey dress pants, black socks and black dress shoes.

3. The Chief IFBB Judge has authority to remove from the panel any judge who is not correctly dressed in the official IFBB uniform.
4. The IFBB may adopt a Relaxed Dress Code e.g. a golf or polo shirt with IFBB logo on the left breast, which may be worn by judges, expeditors and other IFBB officials working a competition. The decision on when to wear Relaxed Dress is made by the IFBB Chief Official on a case-by-case basis e.g. tropical climates or hot conditions.

14.2 Officials:

The following officials are needed to control International Competitions:

1. A IFBB Chief Judge;
2. A Judges Secretary;

4. Two statisticians;
5. A IFBB Chief Marshal and an appropriate number of assistants; and
6. A Master of Ceremonies, or Announcer.

14.3 IFBB Chief Judge:

The IFBB Chief Judge will coordinate and control all aspects of Official Athlete Registration, Prejudging and Finals. No other official will make any decision which might impact upon the smooth running of the competition without seeking the prior approval of the IFBB Chief Judge.

14.4 Placement of Judges:

The placement of judges will proceed as follows:

1. The Judges Secretary will seat the nine judges at their respective tables, which will be located at the front center of the stage, and will then seat the two statisticians at their tables, which will be located at the end of the row of judge's tables nearest to the Master of Ceremonies. The Judges Secretary will then ensure that the appropriate judging forms are distributed to each judge.
2. Each judge's position on the panel will be numbered using a small card (black numbers on a white background) situated at the front of the judge's table. The numbers will be printed on both sides of the card so as to be viewed by the competitors and the judges. The regular panel judges will be seated so as to have the best view of the athletes; alternate judges shall be seated at one end of the regular panel.

3. The same judge who adjudicates a category during the Prejudging must adjudicate the same category during the Finals and must be seated in the same position.

14.5 Conduct of Judges:

Once the judging panel is seated, the Judges Secretary will remind the judges of the rules of conduct, said rules which must be strictly followed throughout the Prejudging and Finals. Under penalty of immediate dismissal from the judging panel, no judge will:

2. Attempt to influence the decisions of any other judge, or judges;
3. Take photographs while the judging is in progress;
4. Coach any competitor, or competitors; or
5. Judge while under the influence of drugs or alcohol, or consume alcoholic beverages while judging.

14.6 Statisticians:

The Judges Secretary will ensure that the statisticians are seated, preferably on the same side of the stage as the Master of Ceremonies, and that they are in possession of the appropriate Statistician's Score Sheets.

14.7 Refreshments:

The Organizer is responsible for ensuring that liquid refreshments (e.g. water) are made available to each judge throughout the Prejudging and Finals.

Article 15 - Prejudging and Finals Venue Requirements

15.1 General:

All International Competitions will take place, wherever possible, in a theatre-like venue complete with an appropriately sized stage, professional lighting and sound, and tiered seating. The Organizer must pay special attention to the following critical requirements:

1. Staging:
The judging should be held on a raised stage with an optimum height of 80 cm. If the venue has a large, flat seating area without tiered seats, the stage must be at an optimum height of at least 1 metre. If the stage is any higher than that, the seats for the judges must also be raised so as to give them a full view of the competitors. A posing plinth will be centrally located on the stage and in such a manner as to allow each of the judges to see all of the competitors who stand on it, from head to toe. To accommodate five competitors, it must be at least 6 metres long, 1.2 metres wide and 60 cm high. The top should be covered by a plain grey carpet and the front and sides by black cloth, panelling or paint. On the front

of the posing plinth, at the centre, the letters "IFBB" must be affixed in white lettering.

2. Background:

The stage background should be of a neutral, non-distracting colour, preferably black. On it must be displayed the IFBB logo and the name of the event. The logo of the organizing federation may also be displayed in this area, however, neither should be placed in such a position as to distract the view of the judges or photographers. The Organizer must not allow signage and/or banners to be displayed in this area, however, said signage and/or banners may be hung from the top front of the stage, on either or both front sides of the stage, along the front of the posing plinth, or along the front edge of the stage, and/or in any other area that does not interfere with the judge's and photographer's view of the competitors.

3. Sound:

The sound system will be of such quality so as to ensure that the competitor's music is reproduced in the best professional manner. The Organizer will also be responsible for ensuring that each competitor's music starts exactly where it should and on cue. Where possible, the sound system controls/soundman should be located backstage, on the same side of the stage where the competitors enter, normally stage left (when viewed from the front). Microphones must be provided for the Chief IFBB Judge, the Master of Ceremonies, and the onstage expeditor (preferably hands-free).

4. Lighting:

The stage will be provided with three lighting set-ups. The first is needed to illuminate the complete line-up of all of the competitors when they are first brought before the judges. The second must be focused on the posing plinth for the individual posing routines. The third must cover the five competitors on the posing plinth for the comparisons and posedown. The IFBB lighting specifications call for 1000W per foot of stage frontage or posing plinth length, hung from the front of the stage at about a 45° angle; 500W per foot of stage frontage or posing plinth length, hung from the back of the stage at about a 65° angle; and 500W per two feet of stage frontage or posing plinth length of back floor-level lighting. If this latter lighting is not possible, lights may be placed on both front sides of the stage.

5. Seating:

The Organizer must ensure that all judges and spectators are afforded a clear and unobstructed full-figure view of

all of the competitors who stand onstage. Judges and statisticians must be seated away from the spectators. Photographers and television and/or video personnel must not be allowed to obstruct the view of the judges or spectators.

6. Master of Ceremonies:

The Master of Ceremonies plays a significant role in the image that the IFBB wish to present to the general public at all International Competitions. For this reason, the MC should have a background in public speaking, or be comfortable in his or her role as "moderator" in front of an audience, and must be adept at handling impromptu situations. The MC should have a speaker's rostrum with a microphone, situated at the side of the stage from which the competitors enter. Competitors should enter stage left and exit stage right (when viewed from the front).

7. Competitor Warm-up Area:

The Organizer will provide dressing rooms and washrooms/showers for the competitors. Next to the dressing room area, and adjacent to the stage, there should be an area where the marshals may assemble the competitors prior to leading them onto the stage. In the marshalling area, the Organizer will also provide an adequate amount of equipment for the competitors to warm up with before performing. There should be barbells of varying weights, several pairs of dumbbells of varying weights, adjustable benches, etc.

8. Inspection:

The IFBB Chief Judge and, where possible, the Chairman of the IFBB Technical Committee, together with the Judges Secretary and IFBB Chief Marshall, should inspect the competition venue site prior to the commencement of Prejudging, for the purpose of ascertaining the readiness of the facility.

9. Communications:

The Organizer will be responsible for supplying sufficient communications equipment (ie: headsets/mics, walkie-talkies) for use by the backstage marshalls.

10. Office/Photocopier:

The Organizer will be responsible for providing an office complete with computer/printer and photocopier for use by the IFBB throughout the duration of the International Competition.

11. Water/Towels:

The Organizer will provide sufficient quantities of water and towels for use backstage by the expeditors and athletes.

12. Medical Emergency:
The Organizer will ensure that medical personnel and emergency transportation is made available for use throughout the entire duration of the Prejudging.
13. Backstage Access/Dressing Room Access:
Access to the backstage area/dressing room area is strictly limited to essential personnel only. There will be no admittance given to spouses, boyfriends, girlfriends, family members, or relatives. Coaches and trainers who assist athletes in the dressing room area must be of the same sex as the athlete they are assisting. Under no circumstances will a coach, trainer, or any other individual be permitted in the dressing room area to assist any competitor of the opposite sex.
14. Cameras/Videotapes:
Cameras and videotape devices are strictly prohibited in the backstage area/dressing room area except when used by duly recognized press personnel and, in any event, these devices are strictly prohibited in the dressing room area.
15. Access Control:
The IFBB reserves the right to control access to the backstage area during Prejudging. The IFBB may issue access control passes (green cards) to each National Federation. These passes will normally be distributed at the Team Manager's meeting, which takes place immediately before the Official Athlete Registration.

Article 16 – Prejudging: Elimination Round

16.1 General:

The Prejudging, which is open to the general public, will take place the day after the Official Athlete Registration. A time-table for prejudging each category should be published and should allow for approximately 30 minutes for the judging of each category. In order to give themselves time to warm up and change into their posing attire, competitors should be in the backstage warmup area at least 30 minutes prior to the start time of the judging of their category. All competitors will be solely responsible for ensuring that they are present and prepared to compete when their category is called onstage failing which they may be eliminated from the competition.

16.2 Procedures:

When there are more than 15 athletes competing in a category, an elimination round will be held for the purpose of reducing the number to 15. The elimination round will proceed as follows:

1. All of the athletes in the category will be brought onstage in a single line (two lines if necessary) and in numerical order. The IFBB Chief Judge will then direct the competitors, centre-stage, in numerical order and in groups of not more than 5 competitors at a time, through the following four compulsory poses:
 - a. Front double biceps;
 - b. Side chest;
 - c. Back double biceps; and
 - d. Abdominals and thighs.
2. Using Form #1, entitled "*Preliminary Assessment (Judges)*", if there are more than 21 competitors in a category, the judge will mark an "X" beside the numbers corresponding to the competitors whom they wish to select as the top 15 finalists. If there are 16 to 21 competitors in a category, the judge will mark an "X" beside the numbers corresponding to the competitors whom they wish to eliminate from the top 15 finalists.
3. Using Form #2, entitled "*Preliminary Assessment (Statisticians)*", the statisticians will transcribe the judge's decisions by recording, under each judge's name, their selections. They will then add up the total number of "X"s for each competitor and record the result in the column marked "TOTAL". Depending on the procedure used in article 16.2.2. above, either the top 15 competitors will be selected, or the bottom 1 to 6 competitors will be eliminated. At the end of the elimination round, regardless of which procedure is used, the final result will allow only the top 15 competitors to proceed to the Prejudging.
4. Should a tie occur at the 15th position, the tied competitors will be brought back onstage and will once again be directed, by the IFBB Chief Judge, through the four compulsory poses for the purpose of breaking the tie.

Article 17 – Prejudging: Round One (Comparisons of Compulsory Poses)

17.1 Procedures:

The Prejudging (Round One) will immediately follow the elimination round and will proceed as follows:

1. All 15 finalists will be called onstage as a group, in a single line and in numerical order. The judging panel should be given a moment to note the competitor numbers on their score sheet.

2. In groups of not more than 5 competitors at a time, and in numerical order, the competitors will be directed to perform the following four poses at centre-stage:
 - a. Front relaxed followed by Front Double Biceps
 - b. Side Chest
 - c. Back relaxed followed by Back Double Biceps
 - d. Abdominal & Thighs

This posing will not be scored but will be used by the judges to determine their own individual comparisons, which will immediately follow.

3. In Round 1, the judges will compare the competitors while they are directed to perform the following seven compulsory poses (five for women), up to a maximum of five athletes at a time:
 - a. Front double biceps;
 - b. Front lat spread (men only);
 - c. Side chest;
 - d. Back double biceps;
 - e. Back lat spread (men only);
 - f. Side triceps; and
 - g. Abdominals and thighs.
4. Each judge is expected to watch all of the comparisons and not just those that a specific judge has requested. Guidelines on "How to Assess an Athlete's Physique" are attached as Appendix 2.
5. Using Form #3, entitled "*Judges Individual Placings (Prejudging)*", each judge will mark the competitors in placings of 1 through 15, indicating where a particular athlete stands in comparison with the other 14 athletes, and will not give more than one athlete the same placing. In order to assist with these decisions, the judges may use Form #4, entitled "*Judge's Personal Notes*", said form which is considered confidential and the sole property of the judge.
6. The statisticians will transcribe each judge's placings onto Form #5, entitled "*Score Sheet (Statisticians)*", under the Prejudging section. They will then eliminate two high and two low scores for each competitor, and will add up the remaining five scores and record the results in the column marked "RD1 (SUB)SCORE". Once all of the scores have been determined, they will then record a placing for each competitor under the column marked "RD1 PLACE". The competitor with the lowest subscore is awarded 1st place while the competitor with the highest subscore is awarded 15th place. The top 6 placings qualify for the Finals.

7. The same routine will be followed for each category, the order of which is from lowest category to highest category.
8. Should a tie occur in the "RD1 (SUB)SCORE", the tie will be broken using the "Relative Placement" method. Each individual judge's scores for the tied athletes is compared on a column-by-column basis with a dot being placed on top of the number for the athlete with the lower placing. All nine regular panel judge's scores are included in the tie breaking calculations. The number of dots is tallied for each of the tied athletes. The athlete with the greater number of dots is declared the winner of the tie and therefore, receives the better placing.
9. The statistician's score sheets and the competitor's scores must be kept strictly confidential and are known only to the statisticians, the IFBB Chief Judge, and the Judges Secretary who are obligated not to divulge any score, or scores, to any competitor, judge, other official, administrator, organizer, or member of the IFBB Executive Council, except the President.
10. The scores for the Prejudging will be used to place the top 15 competitors from 1st place to 15th place. The top 6 competitors from the Prejudging will advance to the Finals and will start the Finals with zero points.
11. At the discretion of the IFBB Chief Judge, the top 6 finalists may be announced after the Prejudging and before the Finals.

Article 18 – Finals: Opening Ceremony

2. Each of the top 6 finalists, in numerical order, will perform an individual posing routine to music of his or her choice, up to a maximum of 60 seconds. This round will be scored.
3. Using Form #6, entitled "*Judge's Individual Placings (Finals)*", each judge will mark the competitors in placings of 1 through 6, and will not give more than one athlete the same placing.
4. The statisticians will transcribe each judge's placings onto Form #5, entitled "*Score Sheet (Statisticians)*", under the Finals section, Round 2. They will then eliminate two high and two low scores for each competitor, and will add up the remaining five scores and record the results in the column marked "RD2 SUBSCORE". Round 2 shall have a weight of one-third of the final score, or 33%.
5. Ties in the "RD2 SUBSCORE" need not be immediately broken, as the "RD2 SUBSCORE" will be added to the "RD3 SUBSCORE" to produce a "FINAL SCORE".
6. The same nine judges who adjudicated a category at the Prejudging will judge the same category at the finals (e.g. the panel of judges seated for the men's bantamweight category during the Prejudging will be the same panel of

judges seated for the men's bantamweight category during the Finals).

Article 20 – Finals: Round Three (Compulsory Poses and Posedown)

20.1 Procedures:

The Finals (Round Three) will immediately follow the Finals (Round Two) and will proceed as follows:

1. In Round 3, under the direction of the IFBB Chief Judge, the top 6 finalists will perform the 7 compulsory poses, as a group and at the same time, in the middle, left and right stage areas. An 8th pose, the "Most Muscular", will be called as the last pose before the posedown. This round will be scored.
2. As soon as the 7 compulsory poses are completed, the IFBB Chief Judge will call for a 60-second posedown to music of the Organizer's choice. This round will not be scored.
3. Using Form #6, entitled "*Judge's Individual Placings (Finals)*", each judge will mark the competitors in placings of 1 through 6, indicating where a particular athlete stands in comparison with the other 5 athletes, and will not give more than one athlete the same placing.
4. The statisticians will transcribe each judge's placings onto Form #5, entitled "*Score Sheet (Statisticians)*", under the Finals section, Round 3. They will then eliminate two high and two low scores for each competitor, and will add up the remaining five scores and record the results in the column marked "RD3 SUBSCORE". They will then add the "RD2 SUBSCORE" and the "RD3 SUBSCORE" to produce a "FINAL SCORE". They will then record a placing for each competitor under the column marked "FINAL PLACE". The competitor with the lowest "FINAL SCORE" is awarded 1st place while the competitor with the highest "FINAL SCORE" is awarded 6th place. Round 3 shall have a weight of two-thirds of the final score, or 67%. To achieve this, the Round 3 score shall be doubled by the statistician.
5. Ties in the "RD3 SUBSCORE" need not be immediately broken, as the "RD3 SUBSCORE" will be added to the "RD2 SUBSCORE" to produce a "FINAL SCORE".
6. Should a tie occur in the "FINAL SCORE", the tie shall be broken in favor of the competitor with the better "RD3 SUBSCORE". If the "RD3 SUBSCORE" is tied, the tie shall be broken using the "Relative Placement" method and using the athlete's Round 3 scores.

7. During the Prejudging and Finals, the Judges Secretary will be responsible for collecting the individual mark sheets from the judges and, together with the IFBB Chief Judge, will scrutinize the marks for the purpose of determining their accuracy. If any judge has awarded marks that are greatly at variance with those of the other judges, the Chief Judge may question that judge for an explanation of his or her marks. The IFBB Chief Judge has authority to remove from the panel any judge who is unfairly biased or incompetent, or who engages in misconduct or unacceptable behaviour.
8. Water/Towels:
During the Finals, the Organizer will provide sufficient quantities of water and towels for use backstage by the expeditors and athletes. Clean towels will also be provided so that the award presenters may wipe any tanning lotion, cream, and/or oil from their hands.
9. Medical Emergency:
The Organizer will ensure that medical personnel and emergency transportation is made available for use throughout the entire duration of the Finals.
10. Backstage Access/Dressing Room Access:
Access to the backstage area/dressing room area is strictly limited to essential personnel only. There will be no admittance given to spouses, boyfriends, girlfriends, family members, or relatives. Coaches and trainers who assist athletes in the dressing room area must be of the same sex as the athlete they are assisting. Under no circumstances will a coach, trainer, or any other individual be permitted in the dressing room area to assist any competitor of the opposite sex.
11. Cameras/Videotapes:
Cameras and videotape devices are strictly prohibited in the backstage area/dressing room area except when used by duly recognized press personnel and, in any event, these devices are strictly prohibited in the dressing room area.

These passes will normally be distributed at the Team Manager's meeting, which takes place immediately before the Official Athlete Registration.

Article 21 – Finals: Victory Ceremony

1. Each category will have its victory ceremony immediately following the category posedown, while the top 6 finalists are lined up at the back of the stage.

30.12 Misrepresentation:

1. Misrepresentation is a serious breach of the *IFBB Code of Ethics* and occurs when an "official" of a National Federation deliberately misrepresents the number of Athletes and Delegates so as to obtain free-of-charge accommodations, meals, onsite transportation, access to the Prejudging, Finals and Farewell Banquet, and other amenities at the expense of the Organizer.
2. Part of this misrepresentation may be a false claim that a person is an Athlete only to have that so-called Athlete fail to officially register as a competitor at the Weigh-in or, once having officially registered, fail to compete.
3. Any National Federation found guilty of misrepresentation will be immediately disqualified from the Championships and will be fined an amount equal to the Special Package Rate for each person involved.

30.14 Attendance at the IFBB International Congress:

It is the duty and responsibility of each National Federation to ensure that it is represented at the IFBB International Congress meeting. All National Federations officially participating in the Championships must also attend the Congress, including National Federations with athletes and no delegates. In this case, the athlete must attend and represent his country at the Congress.

30.15 Rules and Regulations

3. It is the responsibility of the president or general-secretary of each participating National Federation to ensure that all National Team members (athletes, delegates, extra delegates) are fully aware of the rules and regulations governing participation at IFBB World Championships, to include the IFBB Constitution, IFBB Code of Ethics, IFBB Rulebook for Bodybuilding, Fitness and Body Fitness, IFBB Anti-Doping Program and the statements contained within the Inspection Report.
4. If any of your athletes and/or delegates are traveling and arriving separate from your Team Manager or Chief Delegate, you must ensure they are familiar with all of the abovementioned rules and regulations.
5. All of these documents are available online at www.ifbb.com.

APPENDIX 2

HOW TO ASSESS AN ATHLETE'S PHYSIQUE

1.1 *General:*

When assessing a competitor's physique, a judge should follow a routine procedure which will allow a comprehensive assessment of the physique as a whole. During the comparisons of the compulsory poses, the judge should first look at the primary muscle group being displayed. The judge should then survey the whole physique, starting from the head, and looking at every part of the physique in a downward sequence, beginning with general impressions, and looking for muscular bulk, balanced development, muscular density and definition. The downward survey should take in the head, neck, shoulders, chest, all of the arm muscles, front of the trunk for pectorals, pec-delt tie-in, abdominals, waist, thighs, legs, calves and feet. The same procedure for back poses will also take in the upper and lower trapezius, teres and infraspinatus, erector spinae, the gluteus group, the leg biceps group at the back of the thighs, calves, and feet. A detailed assessment of the various muscle groups should be made during the comparisons, at which time it helps the judge to compare muscle shape, density, and definition while still bearing in mind the competitor's overall balanced development. The comparisons of the compulsory poses cannot be over-emphasized as these comparisons will help the judge to decide which competitor has the superior physique from the standpoint of muscular bulk, balanced development, muscular density and definition.

1.2 *Men's Compulsory Poses:*

1. **Front Double Biceps** (see Figure 1)

Standing face front to the judges, with the legs and feet in-line and a short distance apart, the competitor will raise both arms to shoulder level and bend them at the elbows.

The hands should be clenched and turned down so as to cause a contraction of the biceps and forearm muscles, which are the main muscle groups that are to be assessed in this pose. In addition, the competitor should attempt to contract as many other muscles as possible as the judges will be surveying the whole physique, from head to toe.

The judge will first survey the biceps muscles looking for a full, peaked development of the muscle, noting whether or not there is a defined split between the anterior and posterior sections of the biceps, and will continue the head-to-toe survey by observing the development of the forearms, deltoids, pectorals, pec-delt tie-ins, abdominals, thighs, and calves. The judge will also look for muscle density, definition, and overall balance.

2. **Front Lat Spread** (see Figure 2)

Standing face front to the judges, with the legs and feet a short distance apart, the competitor will place the open hands, or clenched fists, against, or gripping, the lower waist or obliques and will expand the latissimus muscles. At the same time, the competitor should attempt to contract as many other frontal muscles as possible. It shall be strictly forbidden for the competitor to pull up on the posing trunks so as to show the top inside of the quadriceps.

The judge should first see whether the competitor can show a good spread of the latissimus muscles, thereby creating a V-shaped torso. Then the judge should continue with the head-to-foot survey, noting first the general aspects of the physique and then concentrating on the more detailed aspects of the various muscle groups.

3. **Side Chest** (see Figure 3)

The competitor may choose either side for this pose, in order to display the "better" arm. He will stand with his left or right side towards the judges and will bend the arm nearest the judges to a right-angle position, with the fist clenched and, with the other hand, will grasp the wrist. The leg nearest the judges will be bent at the knee and will rest on the toes. The competitor will then expand the chest and by upward pressure of the front bent arm and contract the biceps as much as possible. He will also contract the thigh muscles, in particular, the biceps femoris group, and by downward pressure on his toes, will display the contracted calf muscles.

The judge will pay particular attention to the pectoral muscles and the arch of the rib cage, the biceps, the leg biceps and the calves, and will conclude with the head-to-foot examination. In this pose the judge will be able to survey the thigh and calf muscles in profile, which will help in grading their comparative development more accurately.

4. **Back Double Biceps** (see Figure 4)

Standing with his back to the judges, the competitor will bend the arms and wrists as in the Front Double Biceps pose, and will place one foot back, resting on the toes. He will then contract the arm muscles as well as the muscles of the shoulders, upper and lower back, thigh and calf muscles.

The judge will first survey the arm muscles and then do the head-to-foot survey, during which there are more

muscle groups to look at than in all of the other poses. This includes the neck, deltoids, biceps, triceps, forearm, trapezius, teres, infraspinatus, erector spinae, external obliques, latissimus dorsi, gluteus, thigh biceps, and calves. This pose, probably more than the others, will help the judge to determine the quality of the competitor's muscle density, definition, and overall balance.

5. **Back Lat Spread** (see Figure 5)

Standing with his back to the judges, the competitor will place his hands on his waist with his elbows kept wide, one foot back and resting on the toes. He will then contract the latissimus dorsi as wide as possible and display a calf contraction by pressing downward on the rear toes. The competitor should make an effort to display the opposite calf to that which was displayed during the back double biceps pose so the the judge may assess both calf muscle equally. It shall be strictly forbidden for the competitor to pull up on the posing trunks so as to show the gluteus maximus muscles.

The judge will look for a good spread of the latissimus dorsi, but also for good muscle density and will again conclude with the head-to-foot survey.

6. **Side Triceps** (see Figure 6)

The competitor may choose either side for this pose so as to show the "better" arm. He will stand with his left or right side towards the judges and will place both arms behind his back, either linking his fingers or grasping the front arm by the wrist with his rear hand. The leg nearest the judges will be bent at the knee and the foot will rest flat on the floor. The competitor will exert pressure against his front arm, thereby causing the triceps muscle to contract. He will also raise the chest and contract the abdominal muscles as well as the thigh and calf muscles.

The judge will first survey the triceps muscles, and conclude with the head-to-foot examination. In this pose, the judge will be able to survey the thigh and calf muscles in profile, which will help in grading their comparative development more accurately.

7. **Abdominals and Thighs** (see Figure 7)

Standing face front to the judges, the competitor will place both arms behind the head and will place one leg forward. He will then contract the abdominal muscles by "crunching" the trunk slightly forward. At the same time, he will contract the thigh muscles of the forward leg.

The judge will survey the abdominal and thigh muscles, and then conclude with the head-to-foot examination.

1.3 Assessing Prejudging:

In assessing prejudging, overall shape and that of the various muscle groups is important. The judge should favour competitors with a harmonious, classical physique. The judge should look for good posture and athletic bearing, correct anatomical structure (including body framework, broad shoulders, high chest, correct spinal curves, limbs and trunk in good proportion, straight legs, not bandy or knock-kneed). The judge should also look for good skin tone with an absence of surgical or other scars, spots, acne or tatoos, which the IFBB considers as a skin blemish, tidily dressed hair, well-shaped feet, and toes. When having difficulty in placing two or more competitors who seem to be on the same level, the judge should look for faults in those aspects listed above which will help to differentiate among the competitors.

1.4 Assessing the Female Physique:

First and foremost, the judge must bear in mind that this is a women's bodybuilding competition, and that the goal is to find an ideal female physique. Therefore, the most important aspect is shape - a muscular yet feminine shape. The other aspects are similar to those described for assessing the male physique, but muscular development must not be carried to such an excess that it resembles the massive muscularity of the male physique. Definition of a woman's muscles must not be confused with emaciation resulting from extreme loss of weight. Competitors shall also be assessed on whether or not they carry themselves in a graceful manner while walking to and from their position onstage.

1.5 Women's Compulsory Poses:

1. Front Double Biceps (see Figure 8)

Standing face front to the judges, with the legs and feet in-line and the right leg placed out to the side, the competitor will raise both arms to shoulder level and bend them at the elbows. The hands should be clenched and turned down so as to cause a contraction of the biceps and forearm muscles, which are the main muscle groups that are to be assessed in this pose. In addition, the competitor should attempt to contract as many other muscles as possible as the judges will be surveying the whole physique, from head to toe.

The judge will first survey the biceps muscles looking for a full, peaked development of the muscle, noting whether or not there is a defined split between the anterior and posterior sections of the biceps, and will continue the head-to-toesurvey by observing the development of the forearms, deltoids, pectorals, pec-delt tie-ins, abdominals,

thighs, and calves. The judge will also look for muscle density, definition, and overall balance.

2. **Side Chest** (see Figure 9)

The competitor may choose either side for this pose, in order to display the "better" arm. She will stand with her left or right side towards the judges and will bend the arm nearest the judges to a right-angle position, with the fist clenched and, with the other hand, will grasp the wrist. The leg nearest the judges will be bent at the knee and will rest on the toes. The competitor will then expand the chest and by upward pressure of the front bent arm and contract the biceps as much as possible. She will also contract the thigh muscles, in particular, the biceps femoris group, and by downward pressure on his toes, will display the contracted calf muscles.

The judge will pay particular attention to the pectoral muscles and the arch of the rib cage, the biceps, the leg biceps and the calves, and will conclude with the head-to-foot examination. In this pose, the judge will be able to survey the thigh and calf muscles in profile, which will help in grading their comparative development more accurately.

3. **Back Double Biceps** (see Figure 10)

Standing with her back to the judges, the competitor will bend the arms and wrists as in the Front Double Biceps pose, and will place one foot back, resting on the toes. She will then contract the arm muscles as well as the muscles of the shoulders, upper and lower back, thigh and calf muscles.

The judge will first survey the arm muscles and then do the head-to-foot survey, during which there are more muscle groups to look at than in all of the other poses. This includes the neck, deltoids, biceps, triceps, forearm, trapezius, teres, infraspinatus, erector spinae, external obliques, latissimus dorsi, gluteus, thigh biceps, and calves. This pose, probably more than the others, will help the judge to determine the quality of the competitor's muscle density, definition, and overall balance.

4. **Side Triceps** (see Figure 11)

The competitor may choose either side for this pose so as to show the "better" arm. She will stand with her left or right side towards the judges and will place both arms behind her back, either linking her fingers or grasping the

front arm by the wrist with her rear hand. The leg nearest the judges will be bent at the knee and the foot will rest flat on the floor. The competitor will exert pressure against her front arm, thereby causing the triceps muscle to contract. She will also raise the chest and contract the abdominal muscles as well as the thigh and calf muscles.

The judge will first survey the triceps muscles, and conclude with the head-to-foot examination. In this pose, the judge will be able to survey the thigh and calf muscles in profile, which will help in grading their comparative development more accurately.

5. **Abdominals and Thighs** (see Figure 12)

Standing face front to the judges, the competitor will place both arms behind the head and will place one leg forward. She will then contract the abdominal muscles by "crunching" the trunk slightly forward. At the same time, she will contract the thigh muscles of the forward leg.

The judge will survey the abdominal and thigh muscles, and then conclude with the head-to-foot examination.

1.6 *Assessing Mixed-Pairs Physiques:*

The judge will assess each mixed-pair as an entity. Those whose physiques match, harmonize, and complement each other will receive higher places than mixed-pairs whose physiques are markedly dissimilar and unbalanced, as would be the case of a tall ectomorphic man and a short mesomorphic woman, or vice versa.

This factor will continue to be of importance in the second round as well. When similar poses and limb movements are used by the two partners, as in the compulsory poses, higher places will be awarded for greater accuracy in achieving identical lines. The five mixed-pairs poses are as follows:

- (a) Front Double Biceps
- (b) Side Chest
- (c) Back Double Biceps
- (d) Side Triceps
- (e) Abdominals and Thighs

1.7 *Mixed-Pair's Posing Attire:*

The rules for posing attire for men and women will also apply for the mixed-pairs, however, preference will be given by the judge for matching and complementary trunks and bikinis which enhance the mixed-pair's physiques and their appearance as a combined unit. Both members of each mixed-pair shall wear the same number pinned to the left side of the trunks or bikini.

1.8 *Assessing Finals:*

In the Finals, the judges will be assessing each competitor on how well they display their physique to music. The judge will look for a smooth, artistic, and well-choreographed routine which may include any number of poses, however, the compulsory poses must be included. The competitor must also include intermittent pauses so as to display the muscular development of his or her physique. Lying flat on the posing platform, "moon" poses, and pulling the posing attire so as to display the top inside of the quadriceps or the gluteus maximus shall be strictly forbidden. In mixed-pairs competition, the competitors will be assessed both individually and as a unit with particular attention being given to how well their individual physiques complement each other and how well they move in unison.

 - e. Quarter Turn Front
3. If there are a large number of competitors in the category, the IFBB Chief Judge may decide to divide the category into equal numbers or groups in order to carry out the four quarter turns.
 4. At this time, the judges will be assessing the overall physique for the degree of athleticism, proportion and skin tone.
 5. Using Form #1, entitled "*Preliminary Assessment (Judges)*", if there are more than 21 competitors in a category, the judge will mark an "X" beside the numbers corresponding to the competitors whom they wish to select as the top 15 finalists. If there are 16 to 21 competitors in a category, the judge will mark an "X" beside the numbers corresponding to the competitors whom they wish to eliminate from the top 15 finalists.
 6. Using Form #2, entitled "*Preliminary Assessment (Statisticians)*", the statisticians will transcribe the judge's selections onto this sheet and will then tally the judge's scores. Depending on the procedure used in article 37.1.5. above, either the top 15 competitors will be selected, or the bottom 1 to 6 competitors will be eliminated. At the end of the elimination round, regardless of which procedure is used, the final result will allow only the top 15 competitors to proceed to the Prejudging.
 7. If there is a tie between two or more athletes at the 15th place, the tied athletes will be brought back onstage, and the judges will perform a reassessment of the four quarter turns.

Article 37 – Prejudging: Round One (Two-Piece Bikini)

37.1 Procedures:

Round One (Two-Piece Bikini) will proceed as follows:

1. The top 15 competitors will be brought onstage, in a single line and in numerical order.
2. Before the judge's individual comparisons, the entire lineup of competitors will be directed to perform the four quarter turns, in numerical order and in groups of not more than 5 competitors at a time. The judges will use this time to determine their own individual comparisons, which will immediately follow.

3. The IFBB Chief Judge will then direct the competitors through the judge's individual comparisons of the four quarter turns, in groups of no more than five competitors at a time.
4. Each judge is expected to watch all of the comparisons and not just those that a specific judge has requested. Guidelines on "How to Assess a Fitness Competition" are attached as Appendix 7.
5. At this time, the judges will be scoring the physique while assessing the degree of athleticism with regard to firmness, symmetry, proportion and overall physical appearance, which will include skin tone, poise and overall presentation.
6. Using Form #3, entitled "*Judge's Individual Placings (Prejudging)*", each judge will place the competitors from 1st to 15th, giving no two competitors the same placing.
7. The judges may use Form #4, entitled "*Judge's Personal Notes*", to write notes about the athletes. This form is to be considered confidential and is the personal property of the judge.
8. Judges are reminded that this is not a bodybuilding contest. The competitors should have shape to their muscle but not the size, definition or vascularity that is seen at bodybuilding competitions. Any competitor who exhibits these features is to be marked down.
9. The statisticians will gather Form #3 from the judges and will transcribe their placings onto Form #5, entitled "*Score Sheet (Statisticians)*", under Round 1. They will then discard two high and two low scores; add the remaining five scores; write the total under the column marked "RD1 (SUB)SCORE", and a placing under the column marked "RD1 PLACE".
10. Should a tie occur in the Round 1 "SUBSCORE", the tie need not be immediately broken since the "RD1 (SUB)SCORE" must be added to the "RD2 SUBSCORE" to produce a "PREJUDGING SCORE".
11. The top 15 competitors after Round One (Bikini) will advance to Round Two (Routines).

Article 38 – Prejudging: Round Two (Routines)

38.1 Procedure:

Round Two (Routines) will proceed as follows:

1. Each of the top 15 competitors from Round One will be called onstage in numerical order to perform a fitness routine to music of her own choice, the length of which will be up to a maximum of 90 seconds.
2. Each judge will assess the routine with a view towards style, personality, athletic coordination and overall performance. Judges will also look for competitors who perform strength and flexibility moves, as well as gymnastic moves. The routine may include aerobics, dance, gymnastics or other demonstrations of athletic talent. There are no required moves. The use of props is prohibited. The judges are reminded that, during this round, they are judging ONLY the fitness routine and NOT the physique.
3. Using Form #3, entitled "*Judge's Individual Placings (Prejudging)*", each judge will place the athlete from 1st to 15th, giving no two athletes the same placing.
4. The judges may use Form #4, entitled "*Judge's Personal Notes*", to write notes about the athletes.
5. The statisticians will gather Form #3 from the judges and will transcribe their placings onto Form #5, entitled "*Score Sheet (Statisticians)*", under Round 2. They will then discard two high and two low scores; add the remaining five scores, and write the total under the column marked "RD2 SUBSCORE". They will then add the "RD1 (SUB)SCORE" to the "RD2 SUBSCORE" to produce a "PREJUDGING SCORE" and "PREJUDGING PLACE".
6. Should a tie occur in the "RD2 SUBSCORE", the tie need not be immediately broken since the "RD2 SUBSCORE" must be added to the "RD1 SUBSCORE" to produce a "PREJUDGING SCORE".
7. Should a tie occur in the "PREJUDGING SCORE", the tie shall be broken in favor of the competitor with the better "RD1 SUBSCORE". If the "RD1 SUBSCORE" is tied, the tie shall be broken using the "Relative Placement" method and using the athlete's Round 1 scores.
8. The top 10 finalists from the Prejudging will advance to the Finals.

Article 39 – Finals: Round Three (Routines and Quarter Turns)

39.1 Procedures:

The Finals Round Three (Routines and Quarter Turns) will proceed as follows:

1. The top 10 finalists, wearing their fitness routine attire, will be called onstage, individually and in numerical order, to perform their individual fitness routines to their own choice of music, the length of which shall be up to a maximum of 90 seconds. Each finalist will be introduced by number, name, and country. As in the Prejudging, the use of props is prohibited. This round is not scored.
2. At some point later, the top 6 finalists, wearing their two-piece bikini and high-heels, will return to the stage, in numerical order and in a single line, to perform the quarter turns. These shall be performed at stage center, left and right; then the order of the competitors will be reversed and the quarter turn repeated at stage center, left and right. This round is scored.
3. The judges, using Form #6, entitled "*Judge's Individual Placings (Finals)*", and using the same criteria for judging as used during the Prejudging, will place the competitors from 1st to 6th, giving no two athletes the same placing.
4. The statisticians will collect Form #6 from the judges and will then transcribe the judge's placings onto Form #5, entitled "*Score Sheet (Statisticians)*". They will discard two high and two low scores; will add the remaining five scores, and will write the total under the column marked "RD3 SUBSCORE".
5. The statisticians will then add the "PREJUDGING SCORE" to the "RD3 SUBSCORE" to produce a "FINAL SCORE" and "FINAL PLACE".
6. Should a tie occur in the "RD3 SUBSCORE", the tie need not be immediately broken as the "RD3 SUBSCORE" must be added to the "PREJUDGING SCORE" to produce a "FINAL SCORE". Should a tie occur in the "FINAL SCORE", the tie shall be broken in favor of the competitor with the better "RD3 SUBSCORE". If the "RD3 SUBSCORE" is tied, the tie shall be broken using the "Relative Placement" method and using the athlete's Round 3 scores.

Article 40 – Award Ceremony

40.1 Award Ceremony:

The award ceremony will proceed as follows:

4. The Master of Ceremonies will continue by announcing 4th, 3rd, 2nd and 1st. The first place winner will stand in the center of the lineup of finalists.
5. The Organizer will supply trophies to the top 6 finalists.
6. The Organizer will supply Gold, Silver, and Bronze IFBB medals to the top 3 finalists.
7. The Organizer will also supply Certificates of Excellence to be presented to the 6th to 1st place finalists.

Article 41 – "Overall Champion" Award

APPENDIX 7

HOW TO ASSESS A FITNESS COMPETITION

INTRODUCTION:

Judges are strongly reminded that they are judging a women's FITNESS competition and not a women's BODYBUILDING competition. The type of muscularity, vascularity, muscular definition, and/or dieted leanness displayed by a female bodybuilder will not be considered acceptable if displayed by a fitness competitor and therefore, must be marked down.

GENERAL PRESENTATION:

Judges are reminded that the competitor's posture and bearing, at all times while onstage, is to be considered. The overall image displayed should demonstrate poise and self-confidence. This is especially true at all times when the competitor is standing relaxed and during the comparisons of the quarter turns.

When standing relaxed, the competitors shall be warned against adopting a tense pose, with arms flexed and out to the side in a display of muscularity. A relaxed stance means that the competitor must stand erect, head and eyes towards the front, shoulders back, chest out, stomach in, feet together, and arms RELAXED and hanging freely at the side.

During each of the quarter turns, the same rules shall apply. Again, the stance shall be erect, head and eyes towards the front, shoulders back, chest out, stomach in, feet together, and arms RELAXED and hanging freely at the side.

ROUND 1 – BIKINI:

In this round, the top 15 competitors are brought onstage, in numerical order and in a single line. They are directed through the comparisons of the quarter turns, first as an entire group and then in smaller groups of no more than 5 competitors at a time. Each judge is expected to watch all of the comparisons and not just those that a specific judge has requested.

Throughout the comparisons, a judge must not lose sight of the fact that he or she is judging the athlete as a "Total Package".

The judge should first assess the overall athletic appearance of the physique. This assessment should begin at the head and extend downwards, taking the whole physique into account. The assessment, beginning with a general impression of the physique, should take into consideration the hair and facial beauty; the overall athletic development of the musculature; the presentation of a balanced, symmetrically developed physique;

the condition of the skin and the skin tone; and the athlete's ability to present herself with confidence, poise and grace.

The physique should be assessed as to its level of overall muscle tone, achieved through athletic endeavors. The muscle groups should have a round and firm appearance with a small amount of body fat. The physique should neither be excessively muscular nor excessively lean and should be free from deep muscle separation and/or striations. Physiques that are considered either too muscular or too lean must be marked down.

The assessment should also take into consideration the tightness and tone of the skin. The skin tone should be smooth and healthy in appearance, and without cellulite. The face, hair and makeup should complement the "Total Package" presented by the athlete.

The judge's assessment of the athlete's physique should include the athlete's entire presentation, from the moment she walks onstage until the moment she walks offstage. At all times, the fitness competitor must be viewed with the emphasis on a "healthy, fit, athletic" physique, in an attractively presented "Total Package".

ROUND 2 – ROUTINE:

In this round, the top 15 athletes perform a fitness routine, to her own choice of music, the length of which shall not exceed 90 seconds.

Once again, the judge should consider the "Total Package", that is, the entire routine from the moment the athlete presents herself onstage until the moment the athlete walks offstage.

The judges are reminded that, during this Round, they are judging ONLY the fitness routine and NOT the physique.

The judge should look for a well-choreographed and creative routine performed at a high tempo/speed.

Although compulsory movements are not a requirement, the routine should include:

1. Elements of **STRENGTH** - for example, straddle hold, leg extension hold, and/or one-arm pushups (gymnastic movements such as front and back flips, handsprings, and cartwheels are not considered strength elements). The number of strength moves, their degree of difficulty, and the overall creativity of the moves should be considered in the judging of the routine.
2. Elements of **FLEXIBILITY** – for example, high kicks, side splits, and/or front splits. The number of flexibility moves, their degree of difficulty, and the overall

creativity of the moves should be considered in the judging of the routine.

3. The **SPEED** or tempo of the routine demonstrates a degree of cardiovascular fitness, stamina, and endurance. For example, if two routines contain the same type and number of strength and flexibility movements, the routine that is performed at a faster tempo is the more difficult to achieve so long as the movements are correctly performed.

Once again, the judge must always consider the "Total Package" and not just the sum of the individual movements. There is a component - an element of "showmanship", which competitors bring to a fitness routine that is unique to them. This is their personality, charisma, stage presence, and charm, as well as a natural rhythm that should play a part in the final placing of each competitor.

ROUND 3 – FINALS:

In this round, the top 10 finalists perform a fitness routine, to their own choice of music, the length of which shall not exceed 90 seconds. This part of the round is not scored.

Later, the top 6 finalists are brought back onstage, in numerical order and in a single line, wearing a bikini and high-heels. They are directed through the comparisons of the quarter turns. This part of the round is scored.

This round is judged using the same assessment procedures as outlined during Round 1 (Bikini).

At all times, the fitness competitor must be viewed with the emphasis on a "healthy, fit, athletic" physique, in an attractively presented "Total Package".

5. The judges must be mindful of the fact that a competitor may present a different "Total Package" while wearing a swimsuit with high-heels as opposed to a bikini with high-heels. Therefore, judges must ensure that this round is judged from a "fresh" perspective, ensuring that all competitors receive a fair assessment based upon their attire in this round.

2. During the comparisons of the Mandatory Poses, the judge should first look at the primary muscle group being displayed. The judge should then survey the whole physique,

starting from the head, and looking at every part of the physique in a downward sequence, beginning with general impressions, and looking for muscular bulk, balanced development, muscular density and definition. The downward survey should take in the head, neck, shoulders, chest, all of the arm muscles, front of the trunk for pectorals, pec-delt tie-in, abdominals, waist, thighs, legs, calves and feet. The same procedure for back poses will also take in the upper and lower trapezius, teres and infraspinatus, erector spinae, the gluteus group, the leg biceps group at the back of the thighs, calves, and feet. A detailed assessment of the various muscle groups should be made during the comparisons, at which time the judge has to compare muscle shape, density, and definition while still bearing in mind the competitor's overall balanced development. The comparisons of the compulsory poses cannot be over-emphasized as these comparisons will help the judge to decide which competitor has the superior physique from the standpoint of athletic balanced development, muscular density and definition.

3. The physique should be assessed as to the level of overall muscle tone, achieved through athletic endeavours. The muscle groups should have a round and firm appearance with a small amount of body fat.
4. The assessment should also take into consideration the tightness and tone of the skin. The skin tone should be smooth and healthy in appearance.
5. The judge's assessment of the athlete's physique should include the athlete's entire presentation, from the moment he walks onstage until the moment he walks offstage. The scores for Round 1 are used only to place the competitors from 1st to 15th and to determine the top 6 finalists who then advance to Round 2 and Round 3. The top 6 finalists start the finals with zero points. The scoring of Round 2 is carried out as follows:

1. Each judge awards each competitor an individual placing, ensuring that no two or more competitors receive the same placing.
2. With nine judges, two high and two low scores are discarded. The remaining scores are summed to produce the "Round 2 Subscore".
3. The judges use Form #6; the statisticians use Form #5. Round 2 shall have a weight of one-third of the final score, or 33%.

**Note: there is no need to immediately resolve ties in the "Round 2 Subscore" as this must be added to the "Round 3 Subscore" to produce a "Final Score".*

Article 93 - Assessing Round 2 (Posing Routines):

Round 2 is assessed using the following criteria:

1. Each judge assesses the posing routine with a view towards the display of muscularity, definition, style, personality, athletic coordination and overall performance. Judges look for a smooth, artistic, and well-choreographed routine, which may include any number of poses; however, the Mandatory Poses must be included. The competitor must also include intermittent poses so as to display the muscular development of his physique. Lying flat on the posing platform, "moon" poses, and pulling the posing attire so as to display the top inside of the quadriceps or the gluteus maximus is prohibited.
2. The use of props is prohibited. The judges are reminded that, during this round, they are judging the routine and the physique.

Article 94 - Attire for the Round 3 (Mandatory Poses and Posedown):

The attire for Round 3 is the same as Round 2.

Article 95 - Presentation of Round 3 (Mandatory Poses and Posedown):

Round 3 is carried out as follows, under the direction of the Chief Judge/Expediter:

1. The top 6 finalists are brought onstage, in a single line and in numerical order, and are directed to perform the seven Mandatory Poses, as a group and at the same time, in the middle, left and right stage areas.
2. The top 6 finalists then perform a 60-second Posedown to music of the Organizer's own choice.
3. After the Posedown, the top 6 finalists are reformed into a single line, in numerical order, before exiting the stage.

Article 96 - Scoring of Round 3 (Mandatory Poses and Posedown):

The scoring of Round 3 is carried out as follows:

1. Only the Mandatory Poses are scored; the Posedown is not scored.
2. Each judge awards each competitor an individual placing, ensuring that no two or more competitors receive the same placing.
3. With nine judges, two high and two low scores are discarded. The remaining scores are summed to produce a "Round 3 Subscore".
4. The "Round 3 Subscore" is added to the "Round 2 Subscore" to produce a "Final Score" and "Final Placing".
5. Should a tie occur in the "FINAL SCORE", the tie shall be broken in favor of the competitor with the better "RD3 SUBSCORE". If the "RD3 SUBSCORE" is tied, the tie shall be broken using the "Relative Placement" method and using the athlete's Round 3 scores.
6. The judges use Form #6; the Statisticians use Form #5. Round 3 shall have a weight of two-thirds of the final score, or 67%. To achieve this, the Round 3 scores shall be doubled by the statistician.

Article 97 - Assessing Round 3 (Mandatory Poses and Posedown):

Round 3 is assessed using the same criteria as detailed in Article 89.
